**RESPONSE TO STATEMENT OF REASONS FOR ALLOWANCE**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450  
**Mail Stop Issue Fee**

Dear Sir:

Applicants gratefully acknowledge the indication as to the allowance of the present application.

However, applicants respectfully submit the Statements of Reasons for Allowance are, in and of themselves, inappropriate. It is noted that the reasons for allowance are only warranted in instances in which "The record of the prosecution as a whole does not make clear his or her reasons for allowing a claim or claims." (37 CFR §1.104(e)(2001)). In the present case, applicants believe the record as a whole does make the reasons for allowance clear and, therefore, no statement by the Examiner is necessary or warranted. Furthermore, the applicants do not

necessarily agree with each statement in the reasons for allowance.

Specifically, it has been indicated that the claims are allowed by importing interpretations into the claims in relation to the prior art that results in a potential imprecise and/or inaccurate understanding of the reasons. This places an unwarranted interpretation upon the claims. Such a characterization of the claims does not properly take into account applicants' claimed invention as reflected in the specification and the applicants' responses to the Examiner's office actions.

Therefore, while applicants believe the claims are allowable, applicants do not acquiesce that patentability resides in only the features, exactly as expressed in the claims, nor that each feature is required for patentability.

**Statement of Substance of Interview**

In a telephone interview on September 16, 2004 with Examiner Saeid Ebrahimi-Dehkordy, Applicants agreed to amend claim 11, line 8, after "print job" by adding, "said shadow job ticket begin switchable between an active state and an inactive state."

Respectfully submitted,
